18-01-18 was An Interesting date and it had become Special for me as well by attending The Annual Function of My **School Sharda Mandir**.

I had a lot of Memories to Cherish of School Life Until I Finished In 2004 And Joined N.H.L. Medical College / V. S. Hospital till 2010. I have finished M.S. From Nagri Eye Institute From 2010 To 2013. Later on I Went To Hyderabad For Super Specialisation In Eye Surgery From 2013 To 16 and Eventually I have my own Eye Hospital In Ahmedabad From 2016 October. Still when I visited School Ground On 18th January, I Felt that nothing was possible without basic training during School Life.

I would like to share One Incidence of Kabbadi Tournament where we lost all hopes to Win. When it was difficult to beat opponent team in the 1st Match due to accidental injury to two of our players as A Captain. I had to keep up the team spirit and We played from the verge of the defeat to winning the Final Match. That Day I understood how team work and good Co Ordination helps not only in Game but in the life problems as well.

There are plenty of Memories like becoming General Secretary, winning of Chess Tournament during interschool competition , Fights over Volley Ball Net , Music Lessons and lots of study hours with friends and some punishments of not doing homeworks.

In the end I would like to thank all the Teachers who have helped me to build my carrier as an Eye Surgeon. I wish Good Luck and have a balanced time management with study & play to all the students . Always to be a proud of Shardamandir Student.
