**STUDENT'S CORNER**

**Yuvraj Vrat**  
Hello Friends, My name is Yuvraj Ganeswaran. I am studying in 10th.

Science Stream. I got 94% and 98.8 marks in my 9th and 10th respectively.

- Board 1 : The most important part of studies is revision. Revision is the key to success in whole life. Till now you have been competing with classmates and teachers. Now it's time to compete and expand to greater competition, with numerous students across the country.

This will be your first step towards achieving the goal you have set for yourself.

**Revision :**

Revision is the most important part to revise whatever was taught in the class, as the topics were taught in a systematic way and can be clearly with my teacher he has done

**Study in a systematic way :**

I had made a daily time

table for myself according to

time to every subject and even time for difficult subjects like science and maths. This will help you to finish hard work. Choose better that you think about of each subject and make a study plan accordingly.

**Only one reference book :**

Many students are in

confusion which reference books they should buy for

preparation. There are many books available in the market. But I suggest only to follow the textbook as it is the best reference book.

**Key to success-MCQ :**

MCQ asked in exams seems to

easy, but they are not that easy. Most of the MCQs are

misleading. So, always be careful while solving them.

**parents advise:**

Work is a must for

success. More hardwork we need to do smart work. Time

management is an important part of smart work. Make

schedule for yourself to the notes. That will improve your

marks in MCQ from station MCQ books.

**Solve Questions :**

I tried to solve the questions at the

end of each topic and memorise the concepts. For

example, I solved the chapter of motion in 10th

2 or 3 times. I used to practice only those unmarked

topics.

**Manuscript PDF :**

Manuscripts for each subject

I used to write down important concepts and formulae that I

want to remember. I used to make a well

organized notebook for

revision.

This will be your first step towards achieving the goal

you have set for yourself.

**Revision :**

Revision is the most important part to revise whatever was taught in the class, as the topics

were taught in a systematic way and can be clearly with my teacher he has done

**Keep away from Distraction :**

Distractions are

a nightmare for students. They will cause loss of

concentration and time. Don't use mobile phones,

TV, etc. Prevent excessive use of

mobile phones.

**Believe in yourself :**

I am not the best, you need to

believe in yourself.

Believe in yourself.

Learned. Practice Papers of last 5 years to boost your

confidence. Last but not least school will help you

a lot and will make you confident.

Awards and every stage my school has supported me,

and I am grateful to my school for

guiding me in my studies and helping me to achieve

my goals.

**Finally, Best of Luck to all fellow Std. 10th students.**

**Aarushi Arora**  
Hello My Friends, Respected teacher and

entire staff of Shandwantra Modera School.

Teachers are the ones who always support us and express our gratitude towards each & every

teacher. I am a student of 10th standard in 10th

class. I got 97.75percent in 10th board

exams. I am a very good student and respect
